

Name: _____

Sound Sticks

Pick a stick with a consonant written on it. Write the consonant on the top line. Next, lay the stick next to a word family (ending) and combine the beginning letter sound on the popsicle stick with the word family on the page. If it is a real word, circle the word family. If it is a nonsense word, cross it off. How many words can you make? What are some other words that start with the consonant that you are working with?

ab	ig	ow
ice	eep	ot
in	est	ish
oat	op	ub
ide	ug	all
oot	ale	am
ear	een	ay
and	ime	ent
