7. Planning process to look at curriculum. We have been chosen to have Shelley Moore come and work with our teams next school year. Waiting on new government to make final decisions. More information to come. Watched short Shelley Moore video.

8. Jackie Comeau-diploma prep courses “Rock the Diplomas”? School Fees-unknown as of yet, program planning will have to wait until October when budget comes out. Jackie attending spring general school board meeting. Satisfaction surveys-haven’t been used to full potential but seem to be improving. Received and email from a parent that they had heard that all teachers had to be transferred every 4 years-not accurate information. Teachers can ask for transfers, but there is no time limits on how long they teach at a certain school.
