

**PNCS Skate-A-Thon**  
**Wednesday, February 9, 2022**  
**(In support of the Dapp Outdoor Community Rink)**

Our school is very fortunate to have the use of the Dapp Outdoor Community Rink. In the winter months the rink is used on a daily basis for gym classes, Jr High options classes, special events and at lunch hour.

The rink is leased and operated by the Dapp Community Council. They make sure that all the bills are paid so that the rink stays operational. They pay the utility bills, provide maintenance, service the ice equipment, and pay insurance costs.

In order to do our part and give back to the community, once a year our school holds a Skate-A-Thon. All money raised goes to the Dapp Community Council to be used for the rink.

**Here's How You Can Help:**

1. Take home a pledge sheet.
2. Get friends and family to help you fill it up.
3. Turn in your pledge sheet and the money you have collected by Wednesday, February 9th (make sure any **cheques are payable to the Dapp Community Council**).
4. Be ready to skate at school on February 9th. During your gym class you will go out to the rink and perform the "tasks" that your teacher has prepared for you (laps, skating backwards, obstacle course, etc). These will all be different based on your grade.

**Students who participate with their gym class will receive a sweet (but healthy) treat!**

Students who raise \$20 or more will be entered into prize draws.

Special prizes will be awarded for the top individual fundraiser, the top family fundraisers, and the class that raises the most money.
